

EXPERT ROOT - Developing #223

interaction point in the target as function of Energy

10/29/2018 11:11 AM - Sergey Belogurov

Status:	Открыта	Start date:	10/29/2018
Priority:	Низкий	Due date:	
Assignee:	Vitaliy Schetinin	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
The new option for defining the interaction point should be introduced. The beam ion passing through the target must interact when its energy reaches the preliminary sampled value. Similarly to already implemented sampling of the Z projection of the interaction point.
