

EXP2003 - Documenting #447

Documenting # 446 (Открыта): General documentation of the experiment

Scan of the logbook

03/31/2020 09:02 AM - Vratislav Chudoba

Status:	Открыта	Start date:	03/31/2020
Priority:	Нормальный	Due date:	
Assignee:	Mai Anh	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Provide running version of the logbook in pdf format in "Files" of this project.			
Periodicity from 2 to 3 days may be ensured. The previous file should be kept until the end of all measurements related to this experiment. Report new files in the comments of this task.			
After the end of the beam exposition, the task should be set to 90%. Calibration measurements are expected in April 2019.
